## Conversion

The conversion option is included on all Empire Term Series policies. This option allows the policy owner to convert his or her policy to any eligible permanent life insurance policy made available by the Company for conversions. The conversion may take place at any time before the end of the guaranteed level premium period and prior to the insured's 75th birthday.

Evidence of insurability is not required if the specified amount of the new policy is not greater than the original policy. The new permanent life insurance policy will be issued at the Insured's attained age in the same or closest risk classification as the original policy.

Riders and supplemental benefits may be converted with the base policy at the discretion of the company provided that satisfactory evidence of insurability is obtained at the owner's expense.

## Renewability

Empire term series policies are renewable to the insured's attained age 80.

## Limitations

Issuance of a policy is subject to underwriting. Coverage is subject to a two-year suicide and contestable period. If the insured dies by suicide or if a contest is initiated within two years of the policy date and it is successful, the company's liability will be limited to premiums paid. Policy benefits will be provided based on the insured's correct age and sex according to the scale of premiums in effect on the policy date.

## Accidental Death Benefit Rider

The Accidental Death Benefit Rider (Form #0021989NY) pays an additional death benefit if the Insured dies as a result of a bodily injury due to an accident. This additional death benefit is double if the death of the Insured occurred while traveling as a fare-paying passenger on a licensed common passenger carrier.

Among other reasons, the Accidental Death Benefit will not be payable if the Insured dies from: suicide, physical or mental disease, injuries sustained as the result of war whether declared or undeclared.

Issue Ages: 18 to 65 (not to exceed issue age of base plan)

Issue Limits: Face amount of base policy, not to exceed \$250,000.

Premiums: Premiums and coverage cease at age 70.  
Rates are at the back of this guide.

Actual terms and conditions contained in the rider govern all benefits provided.

## Waiver of Premium Rider

The Waiver of Premium Rider (Form #0021988NY) will waive your premiums in the event of "Total Disability". In the event of "Total Disability" before the Insured's age 60 and after a waiting period of six consecutive months of continued disability, premiums will be waived retroactively from the beginning of the disability. Any premiums paid during the waiting period which are eligible for waiver will be refunded. Premiums will continue to be waived for the duration of the total disability.

- "Total Disability" is defined as a disability that: prevents the Insured from engaging in his or her regular occupation for remuneration or profit during the first 2 years of disability;
- after the first 2 years of disability, the disability prevents the Insured from engaging in any occupation for remuneration or profit for which he or she is reasonably suited by education, training or experience.

"Total Disability" also includes the total and permanent loss of sight of both eyes, or the loss of both hands, both feet, or one hand and one foot. In these cases, the benefit will apply immediately and even if the Insured is still able to work for remuneration or profit.

Issue Ages: 18 to 55 (not to exceed issue age of base plan)

Issue Limits: Issued up to \$2,000,000 and substandard through Table C.

Premiums: Premiums and coverage cease at age 60.  
Rates are in the back of this guide.

Actual terms and conditions contained in the rider govern all benefits provided.

## Children's Insurance Benefits Rider

Coverage for each child under the Children's Insurance Benefits Rider (Form #8921218NY) is \$1,000 of level term insurance for each unit up to a maximum of 5 units per household. For example, 5 units will provide each Covered Child with \$5,000 of coverage. The premium is \$6.00 for each unit of Children's Rider, regardless of issue age or number of Covered Children. If Waiver of Premium is included, add \$.24 per unit of Children's Rider. If the base policy includes Waiver of Premium, it must be included in the Children's Rider. If it is not included in the base policy, it may not be included in the rider.

Term insurance on a Covered Child continues to the policy anniversary after the child's attained age 25 or the rider termination date (policy anniversary following the Insured's 65th birthday) whichever comes first. A Covered Child is any child, stepchild, or legally adopted child of the Insured who meets the following requirements:

- 1) The child must be at least 15 days old.
- 2) The child must be unmarried.
- 3) The child must be a member of the Insured's household.

### Issue Ages:

(Age last birthday)	Minimum	Maximum
Primary Insured	18 years	64 years
Child	15 days	18 years
Issue Limits:	1 unit	20 units

## Paid Up Benefits

If the Insured dies before the Covered Child(ren), insurance under this rider will continue until otherwise would have expired as provided in this rider without further premium payments being required.

## Conversions

The child who is insured under the expiring term insurance may convert, without evidence of insurability, to a permanent life policy within 90 days before or 31 days after the date the term insurance will expire. The new policy will be on a policy form we offer at the time of conversion at premium rates for the attained age and for the same mortality class we used for the child under this rider. The face amount of converted coverage must be at least \$1,000 but no more than five times the amount of the rider coverage.

Actual terms and conditions contained in the rider govern all benefits provided.

## Premium Calculations

The total annual premium is the sum of the base premiums plus rider premiums plus a policy fee.

The annual premium for the base policy is calculated by multiplying the premium rate table by the number of \$1,000 of face amount. Rider Premiums are calculated from the rider rate table by the number of \$1,000 of face amount. If the applicant wishes to pay the premium on a payment mode other than the annual, the modal factor shall be applied. Multiply the annual premium by the modal factor to arrive at the desired payment mode.

### Base Premium Calculation Example:
